

As with other local and nationwide businesses, WTC has had to make some challenging decisions about the next few months. With the safety of our staff and theatre family in mind, and in accordance with recommendations from the Center for Disease Control, we have made the following decisions:

- The O'Shaughnessy Center and all business operations of the Whitefish Theatre Company will be closed for the next 2 weeks (April 13), following the school schedule. We will have no volunteers in the theatre during this time.
- There will be no shows during the month of April. For now, Sense and Sensibility is on hold. No auditions are likely to happen during the month of April.
- It is our hope that some shows could be re-scheduled at later dates depending on circumstances and recommendations from the CDC. We have made several contingency plans that we could easily implement as things change, but know that we are making decisions based on the welfare of our staff, community, and our theatre family of actors, patrons, and volunteers.

We at WTC hope this message finds you well. Continue to take care of yourselves and each other - we will be back soon!

With love, the Whitefish Theatre Company Staff
